<ftp://rrr:rrrtool@ftp.rmhp.org>

The RMHP FTP site has been updated to meet higher security standards. If you have trouble accessing the FTP site, please call our system support line at 800-843-0719 ext 5600.

### CDs Available

RMHP will mail an updated 4<sup>th</sup> Quarter rating tool CD to all producers who have requested one in the past. Other producers who are unable to download Rocky's Rapid Rates due to firewall protection issues can request the rating tool on CD. Please contact Katy Basinger at 970-254-5706 to be added to the mailing list.

## On-Line Survey to be Sent this Week

RMHP will be sending all of our producer partners an email this week with a quick survey that will enable us to update our email address records.

We want to be sure email announcements from RMHP and CNIC reach you and others in your office who wish to receive our communication. Look for a Zoomerang survey from us this week. We would appreciate a few minutes of your time in completing this short, on-line survey.

As always, if you have any questions, comments or need assistance, please call your Rocky Mountain Health Plans or CNIC Account Manager.
