CDs Available

RMHP will mail an updated 2nd Quarter rating tool CD to all producers who have requested one in the past. Other producers who are unable to download Rocky's Rapid Rates due to firewall protection issues can request the rating tool on CD. Please contact Katy Basinger at 970-254-5706 to be added to the mailing list.

Enrollment materials/forms are updated

Several forms and materials have been updated to include our new Denver office location and to accommodate our new product line. Please use the most current versions of documents found on our website.

Change Form needed for Generic Rx choice

Our new Good Health PPO and HMO plans include the choice of two Rx riders that can be selected at the employee level. As you work with your clients on plan changes to our new Good Health plans, please direct employees to complete a Change Form if they are electing the Generic Rx option. RMHP will automatically enroll employees on the Brand Drug rider option, unless a Change Form is submitted.

As always, if you have any questions, comments or need assistance, please call your Rocky Mountain Health Plans or CNIC Account Manager.
