Equal Opportunity Policy

It is the policy of Rocky Mountain Health Plans (RMHP) to provide equal opportunity and to prevent discrimination based on race, color, national origin, age, or disability in admission or access to, or treatment or employment in, RMHP programs, health care plans, and activities to the extent required by applicable law.

All federally funded benefits and services are provided in accordance with Title VI of the Civil Rights Act, as amended; Section 504 of the Rehabilitation Act, as amended; the Age Discrimination Act of 1975, as amended; the Americans with Disabilities Act of 1990, as amended; as well as other related laws. All subcontractors are notified of their responsibility to comply with these laws.

The EEO Officer is responsible for compliance with state and federal equal opportunity laws. The officer is also responsible for implementing the Equal Opportunity Plan. If you would like more information regarding these provisions or if you believe you have not been treated in accordance with this policy, please contact the RMHP Member Concerns Coordinator at 970-244-77912 or 888-282-1420.

If you are hearing impaired and use TTY equipment, call 970-248-5019 or 800-704-6370.

General Information

This directory lists physicians and other providers who work with RMHP. It also gives important information that you agree to follow on how you can get health care services.

RMHP has tried to get and print correct information. But the information can change at any time. RMHP adds doctors to this list at different times. RMHP is not responsible for incorrect information or names left out of this directory. Please call Customer Service if you want to check on a doctor. Or check our website at www.rmhp.org.

Enrolling in a health plan provided through RMHP does not mean you will be sure to get services by a certain doctor on this list. If you want to be sure you get care from a certain doctor listed, you should call the doctor's office first. Ask if the doctor is taking new Medicaid patients.

Information in this directory applies to Medicaid HMO plans administered by RMHP.

This information is only a summary of the way you get benefits through RMHP. This is not a contract.

How to Get Health Care

Rocky Mountain Health Plans Medicaid Members

Picking a primary care physician

- Every Member must pick a primary care physician (PCP). This doctor will provide your health care and recommend specialty care if you need it.
- Each covered Member of your family may pick a different PCP.
- If the doctor you pick is new, call the doctor to be sure he or she is accepting new Medicaid patients.

Changing your PCP is easy

- Be sure the doctor you select is accepting new Medicaid patients.
- Call RMHP at 970-244-7912 or 888-282-1420 to tell us who your new PCP will be. You must tell us about the change before you see your new PCP.
- Have all your records sent to your new PCP.
- PCP changes take effect on the first day of the month after you notify RMHP of the change.

Mental health care

You must contact your MHASA (mental health organization) to receive mental health services. If you do not know who your provider is, please call Medicaid enrollment at 800-221-3943.

Preauthorization (advance approval)

You must get some health care approved before you get it. RMHP may choose to require advance approval for some health care services. Your PCP will know what these services are. Your PCP will get advance approval if you need a certain health care service. All preauthorizations must be in writing and signed by RMHP.

How to get health care not covered by RMHP

Medicaid, and the county where you live, cover some services that are not covered by RMHP. The county health department has information on programs such as transportation, supplemental feeding programs for children and pregnant women, and dental care. These services are not covered by RMHP, but you can find out more about them by calling one of the numbers listed on page i.

In Case of Emergency

You are covered for urgent and emergency care wherever you are, 24 hours a day, every day of the year.

It is very expensive to get care in an emergency room. If your condition is serious but not an emergency, many doctors will take care of you in their offices after hours or even on weekends. In many areas, hospitals have rooms or urgent care centers where your doctor can treat you. These are less costly than going to the emergency room.

You should use an emergency room ONLY when:

- Your condition is so serious you are unable to call your PCP.
- You call your PCP and he or she specifically tells you to go to the emergency room.
- You suffer a life-or limb threatening emergency. A life-or limb-threatening emergency means any event that you feel threatens your life or a limb in a way that needs medical care to prevent death or serious impact on your health.
- You think your condition may endanger the life of your unborn child.
- You are in severe pain.
- You have lost consciousness for any period of time.

Here's what to do if you have an emergency:

- Go to the nearest emergency room or call 911 or the local emergency phone number
- Tell the emergency room staff you are a RMHP Member.
- Call your PCP as soon as possible
- Call RMHP within 72 hours if you are admitted to the hospital.
- Show your Medicaid ID card at the hospital.

If you use the emergency room for routine services, you may have to pay for the service yourself.

RMHP will not refuse to cover emergency services based on 'emergency room, provider, hospital or fiscal agent not notifying the member's PCP, RMHP or a state agency of a member's screening and treatment within 10 days of presentation for emergency services.

Here's what to do if you have a serious illness or injury but it is not an emergency:

- Call your PCP.
- If your doctor is not available, if it is after office hours or on a weekend, a doctor will still be able to help you.. The doctor's office telephone message may give you a number to call for a doctor who has agreed to take care of you.
- Tell the doctor you are an RHMP Member and tell them about your illness or injury.
- Follow the doctor's instructions about whether to go to the hospital or to the doctor's office.

If you have any questions about your plan benefits for emergency services or if you need to tell RMHP that you received emergency care, please call us at 970-244-77912 or 888-282-1420 between 8:00 a.m. and 5:00 p.m., Monday through Friday.

If you are hearing impaired and use TTY equipment, call 970-248-5019 or 800-704-6370.

Spanish-speaking customer service representatives are available upon request. We also use AT&T language interpreters to help other non-English-speaking Members.

Para asistencia en español llame al 800-346-4643.

Urgent Care

Urgent Care is different from emergency care. Urgent care is for a sickness or injury that needs medical care quickly but it is not an emergency. **If you need urgent care, call your PCP's office** and follow their instructions. If you need urgent medical care after normal business hours, you must still call your PCP's office for instructions. This includes weekends and holidays.

There is always a doctor available who will return your call and give you instructions. You will get an appointment with a doctor within two days of the time you call your PCP's office. Doctors who care for RMHP patients are available day and night, every day, for emergencies. If you need urgent care, you can call your PCP's office any time of the day or night and leave a message. Even if your PCP is not available, a doctor will call you back with instructions on how to get care.
