

# RMHP PPO Plans Offer Nationwide Access to Quality Providers

**Member focused. Colorado based.**  
**Healthy Plans for Our Members**

*For more than 35 years, Rocky Mountain Health Plans has taken the initiative to improve the lives of our Members and the health of our communities. We are a financially strong and stable not-for-profit organization that provides innovative health plans and excellent customer service.*

## How it works

Subscribers and their covered family members must:

- check with MultiPlan/PHCS each time before they make an appointment to see a provider, to make sure their chosen provider is actively in one of the networks, and
- present their Member ID card each time they see a provider.

For more information, you can go online to [www.rmhp.org](http://www.rmhp.org) to find a provider.

- Click on **Find a Provider.**
- Click on **MultiPlan/PHCS link under National Provider Access.**
- Click on **PHCS Healthy Directions.**
- Follow the steps online to find a provider. You may receive services from either a MultiPlan or a PHCS network provider.

RMHP offers a nationwide network of physicians, hospitals, and other health care professionals to our PPO plan Members through the MultiPlan/PHCS network, one of the largest national networks available.

Subscribers and their covered family members can get care from a MultiPlan or PHCS network provider outside of Colorado and the service will be covered as an in-network benefit — which will cost the Member a lot less than seeing a provider outside the MultiPlan/PHCS network.

Once enrolled in an RMHP individual or group PPO plan, subscribers and their covered family members will get a Member identification card that shows the Rocky Mountain Health Plans logo and the MultiPlan and PHCS logos. This ID card has important information for the Member and the provider, and it indicates that the Member can obtain services from either a MultiPlan or PHCS network provider while covered by RMHP.

Finding a MultiPlan/PHCS network provider is easy. Just call MultiPlan at 800-546-3887 and ask for help finding a MultiPlan or PHCS network provider in the city where you want to receive care.
