Good Health National Access for HMO Members of Rocky Mountain Health Plans

Do you have a dependent who lives outside of Colorado and is eligible for health coverage through your group plan?

Rocky Mountain Health Plans (RMHP) is pleased to offer Good Health National Access – a nationwide network of providers that your out-of-state dependent can see for covered services of your HMO group health plan.

RMHP offers this access through the MultiPlan/PHCS network, one of the largest national networks available.

Now your out-of-state family members can access the same comprehensive medical coverage through MultiPlan/PHCS providers that you enjoy through RMHP providers. Without this access, only urgent and emergent care is available outside of Colorado.

Easy Access

- If you don't have an out-of-state dependent at this time, you can add this access later when you need it.
- Specific enrollment and disenrollment criteria apply, so talk to your employer or Human Resources to take advantage of this extended access for your out-of-state dependent.
- There's no additional premium charged for this access.

Extensive Network

Check out provider availability in a particular state or city by going to www.rmhp.org.

- Click on **Find a Provider**.
- Click on **MultiPlan/PHCS link under National Provider Access**.
- Click on **PHCS Network**.
- Follow the steps online to find a provider. You may receive services from either a MultiPlan or a PHCS network provider.
