“Rocky Mountain Health Plans lets me be a better doctor.”

Richard Budensiek, DO
Family Medicine — Greeley, CO

I tell all of my Medicare patients who are searching for a health plan to consider Rocky Mountain versus the slew of other glossy-advertised health insurance companies that tell you how great they are. I make sure they know Rocky Mountain is local and that they give you more bang for the dollar – because they provide more options and value for what you’re paying for.

I appreciate Rocky Mountain Health Plans because they are a local Colorado provider of health plans, they are well managed, and they are personable.

Being a local health plan provider means that the people I deal with at Rocky Mountain understand the mentality of the people who live a “western” lifestyle. I know who they are and they know me.

They are efficiently run and they make good decisions on behalf of the patients and the care they receive.

They are always personable and listen to my requests as a Doctor. They take away roadblocks and allow me to prescribe treatment plans and the necessary services for my patients.

There is a partnership and trust with Rocky Mountain Health Plans.

Rocky Mountain Health Plans is a not-for-profit, Colorado-based health plan with a Medicare contract and a Medicare approved Part D sponsor.
