“Rocky Mountain provides excellent support and benefits.”

*Donald Murphy, MD
Geriatric Medicine — Englewood, CO*

I like the focus that Rocky Mountain Health Plans has on Medicare patients and their medical needs. They offer wide treatment plan coverage options and allow the physician the ability to prescribe a course of action without compromising treatment plans.

They go above and beyond to help me provide quality care to my patients. Whatever I need – Rocky Mountain usually has a way to solve my problem or answer my questions. You can always get a live person on the line if you have questions.

Outside of the exam room, I also appreciated the community support Rocky Mountain Health Plans provides to causes such as the Alzheimer’s Association and other agencies that work on health care issues.

Rocky Mountain Health Plans is a not-for-profit, Colorado-based health plan with a Medicare contract and a Medicare approved Part D sponsor.
