“I totally trust Rocky Mountain. So many people complain about their health insurance, but that’s completely unknown to me. I never have to worry with Rocky Mountain.”

And, I can always go to them for advice, help, whatever I need. I can’t think of any negative experiences I’ve ever had with them. When I’ve seen competitor information or offers, I always think: why bother? Rocky Mountain is wonderful. When I was moving here, Rocky Mountain allowed me to use my Albuquerque doctor retroactively. That’s another reason I really wanted to stay with them. They didn’t force me to immediately change doctors to get covered.

I’ve recommended them to many people. I say “talk to Julie [an employee]”! Several friends are approaching Medicare age and I always tell them that Rocky Mountain will help cut through the confusion.

The local aspect is great, too. It’s like organic produce...the closer something is to home, the better it is. Rocky Mountain is right here. I always get such good service. I’m completely satisfied with everything that Rocky Mountain does for me. And I’ve never felt that something wouldn’t be taken care of. Julie is amazing. She’s the symbol of Rocky Mountain for me.
