SOLO Individual Health Plan Rates are holding for Q1 2008!

Rocky Mountain Health Plans is pleased to announce that the SOLO Individual health plans are not going to see a rate increase for Q1 2008.

In addition, RMHP is lowering our premium for the SOLO Accident Rider that is available with the SOLO Smart Choice Plans. The “per member, per month” rate for the Accident Rider will be lowered from \$10 to \$6 effective January 1, 2008.

New SOLO Rating CDs are available now and will be mailed to SOLO producers who have requested them.

Important: When you are assisting your clients in completing their SOLO applications, please be sure to have the applicants sign their own applications. RMHP can not accept a SOLO application without it!

*A premium change will take place when an individual has a birthday that places them into a new age category. Age categories begin at age 20, 25, 30, 35, 40, 45, 50, 55, and 60.

As always, if you have any questions, comments or need assistance, please call your Rocky Mountain Health Plans or CNIC Account Manager.
