### **Cortez Area Chamber of Commerce Now Offers Health Benefit Plans to Its Members**

Cortez, Colo. – The Cortez Area Chamber of Commerce is proud to announce the availability of a brand new Association Health Plan.

The Cortez Area Chamber of Commerce Association Health Plan is local, affordable, and comprehensive in design. The plan is offered by Rocky Mountain Health Plans, a trusted leader in Colorado for more than 30 years.

“Now, membership in the Cortez Area Chamber of Commerce provides even more value,” said Marcy Cummins, executive director of the Cortez Area Chamber of Commerce. “This new Association Health Plan is designed to keep our local health care dollars in Colorado and give our member companies more health care options.”

#### **Health Savings Account Plans Offered**

The plan offers three customized plan options to choose from, including a Health Savings Account–qualified design.

Health Savings Accounts are rapidly growing in popularity because they offer individuals a tax-advantaged method of paying for health care services. Low premiums for these plan designs help to attract employers who can save on health benefit expenses for their businesses, while offering a value-added health plan to attract and retain employees.

Cortez Area Chamber of Commerce Association Health Plan  
2-2-2

Money in the health savings account can be used to pay for medical expenses such as a plan's deductible, copayments, over-the-counter medication, alternative care such as acupuncture, and other qualified medical expenses. And members still have the security of knowing they are protected from the high costs of catastrophic illness, prolonged hospitalization, or an unhealthy year.

To be eligible for the Cortez Area Chamber of Commerce Association Health Plan, an employer group must meet certain guidelines: The employer group must be a member of and in good standing with the Cortez Area Chamber of Commerce, the business must be based in Montezuma County, Colorado, and it must meet RMHP and State of Colorado underwriting guidelines. Each group is considered separately and rated individually.
