

RMHP Medicare Plan Vision Service Plan (VSP)

The products and services described are neither offered nor guaranteed under our contract with the Medicare program. In addition, they are not subject to the Medicare appeals process. Any disputes regarding these products and services may be subject to the Rocky Mountain Health Plans' grievance process.

VSP began in 1955 as the first not-for-profit vision benefit plan. Today, VSP serves nearly one in eight people throughout the United States. More than 90 percent of members have access to a VSP doctor within 10 miles of their home or work. In Colorado, VSP contracts with a Standard Network of eye doctors in 744 locations. All VSP participating doctors are fully licensed and credentialed according to National Committee for Quality Assurance standards.

Once you enroll in the RMHP Medicare plan, you're automatically enrolled in the VSP Access Plan. There are no extra monthly charges. You receive one-stop convenience coupled with quality eye care and discounted prices.

The Plan and Benefits

The RMHP Medicare vision plan is a VSP Access Plan that provides discounts on professional eye-care services from participating doctors in the VSP Standard Network, as well as on full sets of prescription eyeglasses.

- Discounts are applied to your VSP participating doctor's usual and customary charges.
- Use the discounts as often as you wish as long as your VSP doctor gave you an eye exam within a 12-month period, beginning with your first exam. (Doctors are not required to give discounts if they have not provided you an eye exam in the last 12 months.)
- Services from a nonparticipating doctor are not covered.

Annual Eye Exam Discount

- 20% off the VSP doctor's fee

Prescription Eyeglasses Discounts

(Applies when a complete set of eyeglasses is purchased from the VSP doctor who provided your eye exam within the last 12 months.)

- 20% off lens treatments such as tinting, no-line bifocals, antireflective coating
- 20% off frames
- 20% off additional prescription eyeglasses and sunglasses

Contact Lenses

- 15% off VSP doctor exam and services related to buying prescription contact lenses, whether medically necessary or elective (contact lenses and other materials charged at usual and customary fees)
- Savings on annual supplies of certain brands of contact lenses

Laser Vision Correction

- On average, 15% off the laser center's usual and customary price (discounts will vary by location)
- During temporary price reductions, VSP members get 5% off the advertised price if it is less than the usual discounted price.
