

## Medicare National Coverage Determination (NCD)

**Topic: Supervised Exercise Therapy (SET) for Symptomatic Peripheral Artery Disease (PAD)**

**Decision:** The Centers for Medicare & Medicaid Services has determined that the evidence is sufficient to cover SET for beneficiaries with IC for the treatment of symptomatic PAD.

**What this means:** Effective for services performed on or after May 25, 2017, up to 36 sessions over a 12-week period are covered if all of the components of a SET program are met as stipulated in the NCD.

For more information, contact Customer Service at the number listed on your ID card.
