CHIROPRACTIC COVERAGE (CONTACT CUSTOMER SERVICE FOR MEMBER'S BENEFIT COVERAGE THAT MAY BE INCLUDED IN THE HEALTH PLAN AND SEPARATE FROM A CHIROPRACTIC RIDER) CALL CENTER (800) 638-4557/ www.lmhealthcare.com

Chiro care is limited to 20 visits per calendar year when received from a network chiropractor. Chiropractors who participate with eviCore (formerly Landmark) are network providers. The first 8 visits are covered automatically. After that, the chiropractor must receive pre-auth for continued visits. This pre-auth is done by eviCore. Claims will be paid by RMHP and all chiro visits count toward the 20 visit limit.

RADIOLOGIC EXAMINATIONS WHEN PERFORMED BY A CHIROPRACTOR – 71100-73660

COSMETIC PROCEDURES – PAGE 20

Surgical procedures often are done to correct a functional defect resulting from an injury, sickness, or surgery, or to correct cleft lip or palate. In many cases, the same procedures might be performed for cosmetic reasons. The Cosmetic Section of the Prior Authorization List labels the most commonly performed potentially cosmetic procedures so that you will know if the procedure is not covered, requires prior authorization, or will be covered without prior authorization. This is not a complete listing of every procedure that could be cosmetic.

DME, ORTHOTICS, PROSTHETICS; OXYGEN EQUIPMENT AND CONTENTS

* Refer to the DME Preauthorization Schedule

EXPERIMENTAL PROCEDURES – CLINICAL TRIALS – PAGE 27

- * Prior authorization is required for all potentially experimental or investigational procedures.
- * Experimental and/or investigational procedures, items and treatments are generally excluded from coverage, but may be covered when mandated by the state or federal law.
- * Participation in clinical research studies may be covered when criteria are met according to the Member's health care plan.
- * Services that RMHP considers to be experimental are listed in a separate section. The list is not all encompassing because new procedures are developed regularly. Procedures that are outdated or of unproven value also are listed.
- * Procedures that are considered to be experimental and are reported with an unlisted code are listed in a separate section. Page 44.
- * These Category III codes do not require prior authorization: 0042T, 0052T, 0053T, 0159T, 0184T, 0249T

UNLISTED PROCEDURE CODES

- * Preauthorization is required for **ALL** codes having a descriptor meaning "unlisted or unspecified procedure", done alone or in conjunction with other procedures.
- * Unlisted Procedure Codes related to CT Scans, MRA, MRI, Nuclear Cardiology, Nuclear Medicine, or PET scans must be submitted to eviCore as directed under Diagnostic Testing.

Out of Plan – CHP+, Commercial HMO, Medicare, RMHP Prime plans

Preauthorization is required **before** a provider directs a Commercial HMO, Medicare, and RMHP Prime Member to a **non-participating provider** and **before** non-emergent/urgent services are received. Medicare Members may access Original Medicare benefits without preauthorization and will be liable for deductibles, co-pay, and coinsurance.

Out of Plan - PPO plans

The **PPO** Member is responsible for obtaining authorization for services listed on the Preauthorization List when those services are rendered by an out of network provider. Failure to obtain preauthorization when required will result in a significant benefit reduction or denial of payment by RMHP. Refer to Member's Evidence of Coverage for additional information.

PHARMACY

Pharmacy preauthorization is not addressed in this document. Refer to the RMHP Web site (www.rmhp.org) or call 800-641-8921 for the RMHP Pharmacy Help desk.

INSTRUCTIONS for searching this document electronically:

- Procedure codes are listed by range. Searching only on the five digit code may fail to find the exact code. By limiting the search to three characters, you will locate all codes, including those in the middle of a range.
- * Select CTRL F
- * Type the first 3 characters of the code you are searching and hit "enter" throughout the entire document to determine if the code you are searching is on this list.

Additional information about the preauthorization process is found at <https://www.rmhp.org/i-am-a-provider/provider-resources>. If you have any questions, please contact Customer Service at 800-854-4558. Mesa County physicians may also contact the MCPA office at 970-248-8031.
